Coming up, above the clouds, to this enchanting cabin is like a 'step back in time'. People often want to plan their activities before they arrive to fill their days. Click on Things to Do and you'll have lots of options for fun on and 'round the mountain.

However, some folks have shared that as they settled in, they simply didn't want to leave! So be sure to bring books you've been wanting to read - or write, recipes you've been wanting to try, and maybe your journal! Relax and rejuvenate!

Whatever you decide, we sincerely hope you enjoy every minute, come back soon, and tell your friends about Cabin Fever!
